FIVECAT STUDIO APPOINTS NEW PROJECT ASSOCIATE

PLEASANTVILLE, NEW YORK – July 5, 2005 – Fivecat Studio / McCarthy LePage Architects, P.C. has appointed John Whalen to the position of Project Associate. Since 2003, Whalen was a member of the architectural staff at Earl Ferguson Architect in Irvington, New York, where he gained design and management experience on projects ranging from a NYC commercial showroom to a new multimillion dollar riverfront home for fashion designer, Eileen Fisher. In a former career as a Systems Engineer with United Technologies Corporation, Whalen managed the Sikorsky Aircraft Division's helicopter maintenance and reliability system shared with the United States Navy.

Established in 1999, Fivecat Studio / McCarthy LePage Architects, P.C. is an award winning firm providing complete architectural and construction services for fine residential projects throughout Westchester County. The firm's website is located at www.fivecat.com.
